DEPARTMENT OF COMPUTER SCIENCE

Has Organized

TWO DAYS WORKSHOP ON "MACHINE LEARNING USING PYTHON"

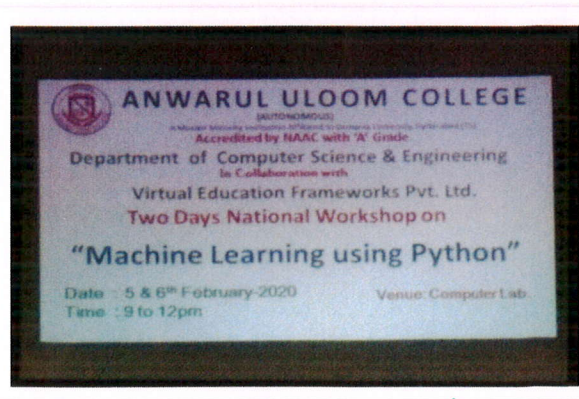

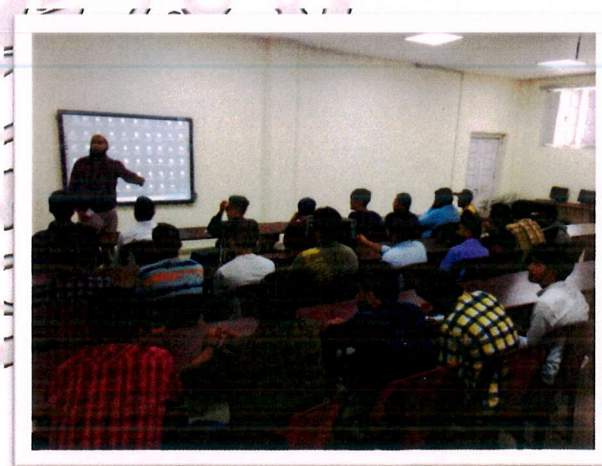

INTRODUCTION

Computer Science is a fast moving field that brings together disciplines including Mathematics, engineering, and electronics. Our courses provides with highly prized in industry and for research. This focuses on parting knowledge to the students in Projects and seminars are conducted to enhance the students' abilities and skills. Advanced and well equipped labs and infrastructure is provided to the students to study in college. Computer Science is problem solving using computers. Computer Science Majors learn how computers work, from the underlying electronics to the use of high level application programs.

Our degree emphasizes development of analytical skills, acquisition of knowledge and understanding of systems, languages and tools required for effective computation-based problem solving. "The best thing in a Computer Science is that we learn technical skills, competency, and how to think logically, which are integral to the job market of the future.

OBJECTIVE

1. To create awareness among Students about Machine Learning
2. To create learning environment in the College Campus.
3. To promote skill enrichment among the students.
4. To help the students to select a better career choice.

Ref. No. _____

Date: _____

Resource Person: Dr. Sanjay Sing, & Virtual learn team

Target audience: All Computer Science, Computer Science and Engg. and B.Com.(Computers) students.

Date of Event: 05th & 06th February 2020

Guests of Honor:

1. Mr. Mohd. Mazharuddin (Principal)
2. Mr. Ahmed Baig (Director, Anwarul Uloom Group of Institutions)

Convener: Mr. Mohd. Ubaid Siddiqui (HoD, Computer Science)

Organizing Committee:

1. Mr. Mohd. Ubaid Siddiqui
2. Mr. Mohammed Habeeb Ullah

No. of Participants: 5 Teachers and 69 Students

Outcome of Seminar: An understanding of the field of Data Science, Machine learning and computing in a global and societal context. An ability to use the techniques, skills and modern computing tools necessary for data science, artificial intelligence, graphic designing and animation practices.

PROGRAM REPORT

Program Name : FULL STACK WEB DEVELOPMENT
Date : 18-2-2020
Venue : Computer Lab
Organized By : CSE Dept.
Number of Participants: 63

OBJECTIVES of the Program:

After the completing this workshop the participants will be able to:

- ☐ Understand programming fundamentals like HTML/CSS.
- ☐ Program Front end and back-end application.
- ☐ They will also be able to work on a project which will further enhance their skills.

At the end of the session all the participants were provided the "Certificate of Participation".

SESSION : 18-2-2020

RESOURCE PERSON: Mr. Chandra Shekar

Brief profile

He is currently working as Sr. Territory Head NIIT. A software Engineer with more than a decade experience with good knowledge of programming languages and databases.

About Department of the Computer Science & Engineering

You made a great choice when choosing to study computer science in Anwarul Uloom College. The department of computer science & engineering pleased have well qualified, experienced and committed faculty members with the mixture of both academia and industry to provide quality industry tuned education to the students. The students are molded with multi-dimensional skill sets covering all the required graduate attributes. More focus is emphasized on the practical and peer learning, projects, and research.

Scope

To emerge as a model center for education and future career in the area of Computer Science and Engineering through Knowledge acquisition, dissemination and generation to meet societal demands.

Objective of programme

- Understand programming fundamentals like HTML/CSS.
- Program Front end and back-end application.
- They will also be able to work on a project which will further enhance their skills.
- Backend Technologies and Frameworks. JavaScript and its environments like NodeJS and Express JS.
- Database Management Systems.

Program Report

Program Name	:	Seminar & Student's Mushaira
Date of activity	:	13th Nov 2019
Venue	:	RJP College Seminar Hall
Organized by	:	Department of Urdu
Number of Participants	:	35

On November 13, 2019, a mushaira was organized by the Urdu Department of Anwar Uloom College for the students, the aim of which was to familiarize the students with Urdu poetry. The special feature of this Mushaira was that (BA) first year and second year students participated in the Mushaira and presented the poetry of famous poets in their own style. All the students and teachers of the college were present in this Mushaira.

Famous poets of Hyderabad Farid Sahar, Tayyab Pasha Qadri, Sardar Salim were present in this Mushaira. Who encouraged the female students who participated in the mushaira. In this mushaira, the director of Anwar Uloom Education Institutions, Vice Chancellor Ahmed Baig, Head Sports and Cultural Activities Prof. Haji Sajjad, Anwar Uloom College Principal Abdul Razzaq Sahab, were also present.

Outcomes of the Program

This mushaira instilled a taste for poetry in students. There were many students who expressed their desire to present their poetry or that of other poets on stage. Anwar Uloom Education Institutions Director Professor Ahmed Baig praised the students who participated in the Mushaira and also advised them to develop interest in poetry.

Feedback on the mushaira of female students:

The success of this mushaira can be attributed to the fact that apart from all the guests of honor and special guests sitting on the stage, the students also appealed to hold a mushaira of female students every 6 months. Many other female students were present here who have expressed their desire to present the poetry of different poets on organizing the mushaira again.

List Topic Covered

- Master the fundamentals of writing Python program.
- Learn core Python scripting elements such as variables and flow control structures.
- Discover how to work with lists and sequence data.
- Write Python functions to facilitate code reuse.
- Work with the Python standard library
- Explore Python's object-oriented features
- Search text using regular expressions
- The primary purpose of machine learning is to discover patterns in the user data and then make predictions based on these and intricate patterns for answering business questions and solving business problems.
- Machine learning helps in analyzing the data as well as identifying trends.

PROGRAM REPORT ON WORKSHOP

TITLE: Machine Learning using Python

Introduction

Machine learning (ML) is a branch of artificial intelligence (AI) that enables computers to “self-learn” from training data and improve over time, without being explicitly programmed. Machine learning algorithms are able to detect patterns in data and learn from them, in order to make their own predictions.

Python has a simple syntax similar to the English language. Python has syntax that allows developers to write programs with fewer lines than some other programming languages. Python runs on an interpreter system, meaning that code can be executed as soon as it is written. This means that prototyping can be very quick.

LEARNING OBJECTIVES:

- Master the fundamentals of writing Python program.
- Learn core Python scripting elements such as variables and flow control structures.
- Discover how to work with lists and sequence data.
- Write Python functions to facilitate code reuse.
- Work with the Python standard library
- Explore Python's object-oriented features
- Search text using regular expressions
- The primary purpose of machine learning is to discover patterns in the user data and then make predictions based on these and intricate patterns for answering business questions and solving business problems.
- Machine learning helps in analyzing the data as well as identifying trends.

Anwarul Uloom College has the distinction of being the largest autonomous institution in the state of Telangana in terms of student strength. The college was established in the year 1953. the college is centrally located in the heart of Hyderabad city. Anwarul Uloom College was assessed and accredited by National Assessment and Accreditation Council (NAAC) with 'A' grade. It has grown into multifaceted institution and has been catering to the needs of students by providing quality education.

About Department of the Computer Science & Engineering

You made a great choice when choosing to study computer science in Anwarul Uloom College. The department of computer science & engineering pleased have well qualified, experienced and committed faculty members with the mixture of both academia and industry to provide quality industry tuned education to the students. The students are molded with multi-dimensional skill sets covering all the required graduate attributes. More focus is emphasized on the practical and peer learning, projects, and research.

Scope

To emerge as a model center for education and future career in the area of Computer Science and Engineering through Knowledge acquisition, dissemination and generation to meet societal demands.

Objective of programme

Python has a simple syntax similar to the English language. Python has syntax that allows developers to write programs with fewer lines than some other programming languages.

Work with the Python standard library

Explore Python's object-oriented features

Search text using regular expressions

The primary purpose of machine learning is to discover patterns in the user data and then make predictions based on these and intricate patterns for answering business questions and solving business problems.

PROGRAM REPORT

I am very delighted to present a brief report of a the webinar organized by department of economics on 20th september 2019 on "The impact of monetary policy on economic stabilization".

The Head department of Economics Dr Neena Singh job have taken the initiative of organizing the webinar. Different Department of Anwarul uloom college have also extended their immense support.

According to the schedule , the programme started at 12:00 p.m. Mohammed Abu Bakar siddiq, Assistant Professor, Arabic Department, opened the session with a recital of the qhirath. Prof. Ahmed Baig, Director of the Anwarullom Group of Institutions, lit the customary lamp by his speech to start the programme.

The resource person, Dr. savithri M who is working as an assistant professor in Nizam college Gunfoundry began his talk to the audience in a very attention-grabbing manner.

In his speech, she has discussed the importance of Monetary policy is an instrument with which objectives of macroeconomic policy can be achieved.

She continued her speech stating that it should be however noted that in a developing country such as India, in addition to achieving equilibrium at full employment or potential output level, monetary policy has also to promote and encourage economic growth both in the industrial and agricultural sectors of the economy.

The programme came to an end by 3.30 pm with a vote of thanks delivered by Bushra siddiqua, assistant professor department of economics.

All the faculty and students were informed that the botany department would organize a national seminar on "Recent Advances and Challenges in Horticulture" on February 22, 2020. The Resource Persons, Dr. GRS Reddy, Scientist G, retired ICFRE, and Dr. Narayana Reddy, Senior Scientist CRIDA, had been invited by the department. Delegates from several scientific institutions are also joining. Therefore, everyone should congregate and take part in this at the college auditorium (RJP HALL).

Recent Advances and Challenges in Horticulture

Date : 22nd of February 2020

Venue : RJP Hall

Time : 10.00 a.m.

Chief Guest :: Dr. GRS Reddy, Scientist G, ICFRE, Indian Institute of Forest Biodiversity, Hyderabad.

Guests of Honour ::

Nawab Mujahid Alam Khan, Joint Secretary, Anwarul Uloom Educational Association.

Prof. Ahmed Baig, Director, Anwarul Uloom Educational Association.

Prof. Mohammed Mazharuddin Farooqui, Principal Anwarul Uloom Educational Association.

Resource Persons :: Dr. NN Reddy Principal Scientist (Horticulture) ICAR Central Research Institute for Dry Land Agriculture.

Dr. S. Riazuddin Ahmed

Former Principal Scientist (Soil Science & Agril. Chemistry) ANGRAU, HYD.

Program Report

Program name: Recent Advances and Challenges in Horticulture & The weekly Magazine of the Department.

Date of activity: 22/02/2020

Venue: College Auditorium (RJP HALL)

Organized by: Dept of Botany

Number of participants: 250

Objectives Of The Program

Horticulture is a significant theme that fascinates students worldwide. Horticulture crops play a significant part in the Indian economy by creating jobs, offering raw materials to different food processing companies, and enhancing farm profitability through increased production and foreign exchange export revenues.

It allows pupils to practise numerous propagation techniques that are simple to complete at home.

Topics covered

Different types of horticulture

arboriculture

lawn maintenance

floral design landscape

Olericulture

Pomology

Viticulture

The outcome of the program

Throughout the lecture, the students were very engaged and passionate, which helped them improve their capacity to cultivate plants in their residences and outlying neighbourhoods.

Students learnt how to do projects as this workshop served as a platform for Project work, papers and Article publications.

And solving the 21st century challenges.

Date of activity : 22/01/2020

Venue : College Seminar Hall

Organized by : Dept. Of Chemistry

Number of participants : 88

1

Objective of the program

The objective of the programme is to study how mathematics is used to calculate energy in reaction, compression of a gas, grams needed to add to a solution to reach desired concentration and quantities of reactants needed to reach a desired product.

Outcome of the program

Students have learned about the application of mathematics in chemistry to solve the wave function, quantum mechanics.

PROGRAM REPORT

Program name : One day seminar on Pericyclic Reaction
Date of activity : 22/07/2019
Venue : College Seminar Hall
Organized by : Dept. Of Chemistry
Number of participants : 86

Objective of the program

To study pericyclic Reaction.

- The concept of pericycle reaction
- In cyclo addition
- Electrocyclic
- Sigmatropic
- Ene reaction
- Pericyclic reaction occur stereospecifically
- HOMO and LOMO pericyclic reactivity
- Frontier molecule orbital theory and the outcome of reaction
- By using Woodward- Hoffmann rules

Outcome of the program

The students have gain the knowledge on how these concerted reaction proceeds via cyclic transition state.

PROGRAM REPORT

Program name : One day seminar on Nanochemistry
Date of activity : 25/11/2019
Venue : College Seminar Hall
Organized by : Dept. Of Chemistry
Number of participants : 87

1

Objective of the program

The topic is aimed at explaining utilization of synthetic chemistry to make nanoscale building blocks at different size and shape, composition, surface structure charge functionality.

The basic principle of nanochemistry lies in self assembly of a target structure from the spontaneous organisation of building blocks.

- Nanochemistry can be characterized by concepts of size, shape, self-assembly, defects and bio-nano.
- The nano prefix was given to nanochemistry when scientists observed the odd changes on materials when they were in nanometer-scale size.
- Nanochemistry and other nanoscience fields have the same core concepts but the usages of those concepts are different.
- Silica, gold, polydimethylsiloxane, cadmium selenide, iron oxide and carbon are materials that show the transformative power of nanochemistry
- Nanochemical methods can be used to create carbon nanomaterials such as carbon nanotubes (CNT), graphene and fullerenes which have gained attention in recent years due to their remarkable mechanical and electrical properties.

Outcome of the program

Apply principles of basic science concepts in understanding analysis and prediction of matter of Nano scale.

PROGRAM REPORT

Program name : one day seminar on NMR

spectroscopy

Date of activity : 19/02/2020

Venue : College Seminar Hall

Organized by : Dept. Of Chemistry

Number of participants : 92

1

Objective of the program

- Know how nuclear spins are affected by a magnetic field, and be able to explain
- What happens when radiofrequency radiation is absorbed.
- Be able to predict the number of proton and carbon NMR signals expected from a
- Compound given its structure.
- Be able to predict the splitting pattern in the proton NMR spectrum of a compound
- Given its structure.
- With the aid of a chart of chemical shifts from ^1H and ^{13}C NMR, be able to assign
- Peaks in an NMR spectrum to specific protons in a compound.
- Be able to interpret integration of NMR spectra.
- Be able to use NMR spectra to determine the structures of compounds, given other
- Information such as a molecular formula.
- Be able to calculate coupling constants from ^1H NMR spectra, and utilize the
- Coupling constants for determining compound structure.*
- Be able to determine the compound structure based on information generated from •
Mass spectrometry, IR, NMR, and elemental analysis.*

Outcome of the program

Nuclear magnetic resonance (NMR) spectroscopy is the study of molecules by recording the interaction of radiofrequency (Rf) electromagnetic radiations with the nuclei of molecules placed in a strong magnetic field.

Program Name: One day international seminar on “Biotechnology- present and future”.

Date of activity: 24th July 2019

Venue: RJP hall, Anwarul Uloom College

Organizing Department: Department of Biotechnology

Number of Participants: 150

Objective of the Program:

1. To promote excellence in Scientific Knowledge and innovations in Biotechnology.
2. To learn about the recent advances in the field of Biotechnology, Participate in discussions on issues of common interest.
3. To provide an efficient archiving solution ensuring maximum exposure and wide indexing of scientific conference proceedings.

Topics Covered:

- Genome engineering
- Human gene therapy
- Biomanufacturing
- Drought resistant plants
- Synthetic Biology

PROGRAM REPORT

Program Name: National conference on Climate Change and Impacting, Emerging Frontiers in Biological Sciences (CHIEF 2020)

Date of activity: 14th and 15th March 2020

Venue: RJP Hall, Anwarul Uloom College

Organizing Department: Department of Biotechnology

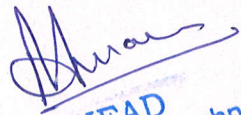

Number of Participants: 190

Objective of the Program:

Climate change refers to long term shifts in temperature and weather patterns. These shifts in may be natural but Human activities have been the main reason for the climate change. Objective to get the participants acquainted with the factors that lead to Climate change and how it can impact the life on earth. Measures to control and eradicate the factors that lead to climate change will be the main point of discussion.

Topics Covered:

- Carbon and Land management
- Carbon benefits of Wood-Based products and energy
- Carbon consideration in land management
- Effects of droughts on forests and rangelands
- Forest management for carbon benefits
- Forest soil carbon and climate change
- Global carbon
- Grasslands and climate change
- Urban forests and climate change
- Species distribution and climate change
- Importance of forest cover

PROGRAM REPORT

PROGRAM NAME: - "A TWO DAY'S WORKSHOP- NUTRICA0 2K19"

DATE OF ACTIVITY: 4th.09.2019

VENU: RJP HALL, AUC.

ORGANIZED BY :- DEPARTMENT OF NUTRITION AND DIETETICS.

NUMBER OF PARTICIPANTS:- 250

OBJECTIVES OF THE PROGRAM:

National Nutrition Week is celebrated each year from 1st September to the 7th September to aware the people about important tips of their health and well-being. Through the national nutrition week campaign people from all over the world can be educated to maintain their look and feel better. The objective of the National Nutrition Week is to enhance the nutritional practice awareness among people of the community through the adoptable training, timely education, seminars, different competitions, road shows and many other campaigns and to make a healthy Nation.

TOPICS COVERED:

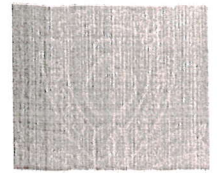

- BACK TO OUR ROOTS- ANCIENT COOKING (LUNCH BOX RECIPE WITH A BEVERAGE).
- HAR GHAR POSHAN VYAVAHAR.
- SATTVIC FOOD BY THE SAGES.
- THE HEALTH HAPPY WEEK.

ANWARUL ULOOM COLLEGE (AUTONOMOUS)

(Accredited by NAAC with 'A' Grade & An ISO 9001:2015 Certified Institution)

(Affiliated to Osmania University, Hyderabad)

FEEDBACK:

The seminar was very successful. All members actively participated and appreciated the staff of Arabic Department. Dr.kausar begum HOD gave vote of Thank.

OUTCOMES:

- Students aware that the area of Arabic Literature is not confined towards religious, spiritual thought.
- Students will understand the concept of secularism is among the concepts that were addressed in the intellectual and political Arabic literature since nineteenth century.

Circular

All the staff members and students are hereby informed that our institution make a workshop program on "ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING" which will be conducted on 07.08.2019 by DR Mohammed Sana Ullah Qaseem. He will deliver the keynote presentation on the respective program. Hence everyone should gather and participate in this regard at the Computer Lab. Take the opportunities to enlighten your skills.

PROGRAM REPORT

Program Name : ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING
Date : 07.08.2019
Venue : Computer Lab
Organized By : Dept. of computer science & Engineering

Number of Participants: 63

Objectives of the program:

After the completing this workshop the participants will be able to:

- ☐ Familiarity with the concept of AI and Machine Learning
- ☐ Know about various applications in the field of business, medicine etc
- ☐ Use of AI and ML

At the end of the session all the participants were provided the "Certificate of Participation".

SESSION : 9:00 am to 1:00 pm & 2:00 pm to 5:00pm

RESOURCE PERSON : Dr. Mohammed Sana Ullah Qaseem

Brief profile of Resource Person

He is currently working as Professor in the Department of Computer Science and Information Technology, Nawab Shah Alam Khan College of Engineering

&Technology. He has published papers in highly ranked national and international conferences and journals.

Topic Covered

- Machine Learning.
- Neural Networks.
- Evolutionary Computation.
- Robotics.
- Expert Systems.
- Speech Processing.
- Natural Language Processing.

Outcome of Program

The participant understand the basic concepts of AI and ML, this training program brought a positive transformation in the faculty member's attitude in their project and research works and projects.

Anwarul Uloom College has the distinction of being the largest autonomous institution in the state of Telangana in terms of student strength. The college was established in the year 1953, the college is centrally located in the heart of Hyderabad city. Anwarul Uloom College was assessed and accredited by National Assessment and Accreditation Council (NAAC) with 'A' grade. It has grown into multifaceted institution and has been catering to the needs of students by providing quality education.

About Department of the Computer Science & Engineering

You made a great choice when choosing to study computer science in Anwarul Uloom College. The department of computer science & engineering pleased have well qualified, experienced and committed faculty members with the mixture of both academia and industry to provide quality industry tuned education to the students. The students are molded with multi-dimensional skill sets covering all the required graduate attributes. More focus is emphasized on the practical and peer learning, projects, and research.

Scope

To emerge as a model center for education and future career in the area of Computer Science and Engineering through Knowledge acquisition, dissemination and generation to meet societal demands.

Learn foundational machine learning algorithms, starting with data cleaning and supervised models. Then, move on to exploring deep and unsupervised learning. At each step, get practical experience by applying your skills to code exercises and projects. The participant understand the basic concepts of AI and ML, this training program brought a positive transformation in the faculty member's attitude in their project and research works and projects. Familiarity with the concept of AI and Machine Learning
