## POLICY DOCUMENT ON GREEN CAMPUS

Urbanization and economy development are leading to rapid rise in energy consumption and further enhanced in green gas emission. The need of hour is to ensure green cover in campus. Management as social responsibility is committed to develop green campus by rationalizing the use of water, electricity and conserving the scarce natural resources and maintain balance in the eco system. Through use of alternate energy, recycling of waste in the campus, orientation towards green buildings, orientation about bio-diversity and importance of green campus to the stake holders replacing old A.C. and heating system with energy efficient system, purchase of environment efficient products with green certificates, annual audit of energy use, paperless administration, ban on plastic use, installation of smart meter to monitor and optimize water use, energy saving targets, clustering academic, research and administration within easy distance constitution of green campus committee and creation of botanical garden in the campus.

### Objectives

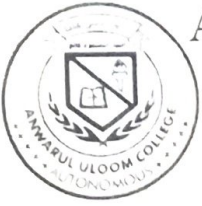

- To keep environment green and beautify the campus. Plant trees and plants to reduce pollution and make Eco-friendly environment.
- To encourage Faculty and students to use of electric vehicles and to reduce carbon foot prints. Prevent pollution and the risk pollution causes to humans and the environment.
- It is instructed to maintain "No tobacco zone".
- Students and staff are motivated to use their own mugs/cups instead of paper cups lining with plastic and wax and not to use plastics (plastic straws, plastic bottles and plastic food packaging). Solar panels are fixed to generate energy from the sun.
- Students and staff are motivated to use their own mugs/cups instead of paper cups lining with plastic and wax and not to use plastics (plastic straws, plastic bottles and plastic food packaging).

## GREEN CAMPUS INITIATIVES

### Conserve Natural Resources:

- Planted trees and plants. Conserved trees like Neem, Bottle brush and palm.
- Students are encouraged to use electric cycles to reduce carbon foot prints.
- Students and staff members are requested to get saplings and plant it in and around the college. Students can get their favorite plants with details written on the pot.

### Renewable Energy:

Solar panels are fixed to generate energy from the sun. They serve as an alternative to fossil fuels in producing electricity.

### No tobacco zone:

It is instructed to maintain "No tobacco zone".

### Reduce Energy Consumption:

Switch-off lights, when not in use.

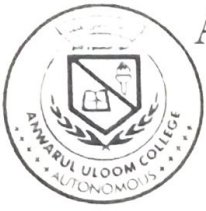

Using LED light bulbs.

### Restricted Entry of Vehicle:

It is instructed to use emission free vehicles, electric bikes and bicycles. Without permission no vehicle is allowed from the girl's gate.

## ACKNOWLEDGEMENT

Green Foundation and Iota Laboratories, Green Audit Team acknowledges with thanks the management of **Anwarul Uloom College, Mallepally, Hyderabad** for assigning this important work of Green Audit (Environmental Audit). We appreciate the co-operation to our team for completion of study.

Our special thanks are due to:

- Principal of the college – Mr. Mohd. Mazharuddin
- Director Of Administration – Mr. Mohd. Habbeeb Uddin Ahmed
- IQAC Member and professor of Botany Dept – Dr. Sadia Fatima
- IQAC Coordinator – Dr. Mohd. Aijaz Khan
- IQAC member and Professor of Mathematics – Dr. Mohd. Salah Uddin
- IQAC member & Professor of Biotechnology – Mrs. Naddeem Fatima
- IQAC member and Professor of Commerce – Dr. A. Vijay Govind
- Professor & Head of Business Administration – Dr. Yasmeen Banu
- Professor and Head of Computer Science - Dr. Ubaid Siddiqui
- Professor and Head of Microbiology – Ms. Hasana Khatoon
- Green Audit coordinator – Dr. Sadia Fatima
- Teaching & Supporting Staff of College

For providing us valuable information and giving us necessary inputs to carry out this very vital exercise of Green Audit (Environment Audit). We are also thankful to other staff members who were actively involved while collecting the data and conducting field measurements.
