## PROGRAM REPORT

Program name : Analytical techniques for teachers.  
Date of activity : 23/08/2021 to 25/08/2021  
Venue : College Seminar Hall  
Organized by : Dept. Of Chemistry  
Number of participants : 92

### Objective of the program

- To provide the teachers basic knowledge on instrument and how to use the instrument in lab

Analytical techniques are those method used for the quantitative and qualitative determination of concentration of compounds to value the instrument like titration and techniques.

### Outcome of the program

The teachers here gathered the information of various analytical technique used in qualitative and quantitative determination and hiw to identify adultrant present in food.

## PROGRAMME REPORT

**Title of the Webinar:** THE FUTURE OF CRYPTO CURRENCY

The department of Business Administration has organized one day National Webinar on 14<sup>th</sup> June 2021.

### Objectives:

- The primary objective was to create awareness regarding Digital currency.
- To enlighten the students about merits and demerits of Crypto currency.

### Resource Person:

Dr. Mohammad Mushtaq Khan,  
Assistant Professor, KL Hyderabad  
Business School, KL University, Guntur , A.P

**Participants:** 200

### Feedback:

The resource person effectively created a mark on the minds of the participants comprising of both the staff and the students. The concept of Digital Currency was easily and interestingly explained by the resource person. Regarding Crypto Currency, the resource person answered all the doubts of the students and showed them new ways of learning and practicing it.

Date: 26/06/2021

## PROGRAM REPORT

Program name : Webinar about impact of COVID on animals  
Date of activity : 26/06/2021  
Venue : Online  
Organized by : Department of Zoology  
Number of participants : 84

### Objective of the program

During the COVID-19, pandemic people were not the only ones affected, as the virus has thought to have originated from animals. It has both positively and negatively impacted their lives. Due to the lack of human interference during the lockdowns, some animals were enjoying their newfound freedom, and some who got the virus were fighting for their lives, this webinar aims to educate the participants about all such happenings.

### Topics Covered:

- Human to animal transmission.
- Animals seen in unusual places.
- More bird sightings.
- Wildlife trade exposed.
- Animals in captivity affected by the virus.
- Animal farms infected with the virus.
- How to help the animals.

## PROGRAM REPORT

Program Name: Workshop on Mushroom Cultivation – Hands on experience  
Date of activity: 18/12/2021  
Venue: Anwarul Uloom College campus.  
Organized by: Department of Microbiology  
Number of the participant: 50

The department of microbiology, Anwarul uloom college had organized a “MUSHROOM CULTIVATION” Workshop for students and faculties on 18<sup>th</sup> December 2021 with motivation and support from management, Director and Principal of Anwarul Uloom College and Government Degree College, Begumpet, Hyderabad in collaboration with Agro Monks, a Mushroom cultivation organisation, Lingampally, Hyderabad.

It was an integrated workshop where staff and students of Government Degree College, Begumpet had also collaborated and participated. The workshop took place in the Microbiology laboratory of Government Degree College. The participants acquired knowledge about Edible Mushrooms and complete detailed procedure for its cultivation. Each participant was given a chance to make their own bag of Mushroom Bed and inoculums like a giveaway token. The Hands on experience was very interesting method where learning by doing was adopted. Agro Monks trainer gave both theoretical and practical knowledge.

### RESOURCE PERSONS:

Mr. K.S. Siddu  
Agro Monks, Lingampally, Hyderabad

### Objective of the Program:

- To give hands on training on Mushroom cultivation.
- To know the importance of Mushrooms
- To get the idea of Mushroom cultivation business.

## PROGRAM REPORT

Program name : Seminar on Genetic Disorders in Humans  
Date of activity : 20/10/2021  
Venue : RJP hall  
Organized by : Department of Zoology  
Number of participants : 150

### Objective of the program

Nearly all diseases have a genetic component, as we discover more about the human genome (the entire collection of human genes). A person may be born with certain mutations that lead to certain diseases. These mutations are inherited from the parents. Other diseases are brought on by congenital changes in a gene or set of genes. This seminar aims to help people understand how common genetic disorders are and what we can do about them.

### Topics Covered:

- Human genome.
- Types of genetic disorders.
- Causes of genetic disorders.
- Decreasing the frequency of occurrence of genetic disorders.
- Gene therapy.
- Cystic fibrosis, sickle cell anaemia and Marfan syndrome.
- Huntington's disease and hemochromatosis.

## Ref No.

Date: \_\_\_\_\_

Dr. Archana presented vast knowledge about the technicality of the subject and its scope in future. She was well versed with her topic and presented it with PPT screen sharing the topic "PERILS and PLEASURES" clearly described all pro and cons of the subject literary device used to show the clear picture for students benefit. Dr. Archana also proposed students to read books to develop interest in literature to improve creative thinking and enhance sensitive thinking as literature student you have vast scope of understanding real life situation very sensibly. Students of literature learn life skills through study of literature and also enhance language skills.

Students had good interaction with the resource person and in the last minutes of the webinar question were asked by participants and all doubts were cleared the session was closed with the vote of thanks by Waseem khan team member of the event and ended with sharing of feedback forms to E- certificate was generated.

## Outcomes of the Webinar:

- Students recognized the importance of literature.
- Students appreciated the scope of
- Students developed reading skills and the career perspective in literature.
- The webinar was conducted successfully received E-Certificates.

## PROGRAM REPORT

**Program name** : Webinar on Laboratory Skills.  
**Date of activity** : 25/08/2022  
**Venue** : Online.  
**Organized by** : Department of Zoology.  
**Number of participants** : 82

### Objective of the program

What do lab skills entail? Lab skills are the abilities you utilize in a laboratory, whether you're a professional researcher or a research student. Performing typical lab operations or analyzing samples are a couple of instances. Researching, analyzing, listening, communicating, and careful observation are all necessary lab abilities.

### Topics Covered:

- What are laboratory skills?
- Punctuality.
- Keen observation.
- Following protocol.
- Affective communication.
- Data gathering.

## PROGRAM REPORT

Program name	: Webinar on Genes and Cellular control.
Date of activity	: 24/08/2022
Venue	: Online.
Organized by	: Department of Zoology.
Number of participants	: 75

### Objective of the program

The tightly regulated on/off switching of a gene's expression is known as gene regulation. It controls the effective use of cellular resources in single-celled organisms in response to their environment. Gene control determines the cell, its form and function, and ultimately the entire organism in multicellular creatures. When their environment changes, such as in reaction to signals from other cells, cells can alter the pattern of genes they express. The beginning of RNA transcription is typically the most significant point of control for most genes, even if all of the processes involved in the expression of a gene can theoretically be controlled.

### Topics Covered:

- Human genetic makeup.
- Types of genes.
- Chromosomal abnormalities.
- Hereditary genetic diseases.
- Gene mutations.
- Gene therapy.

## PROGRAM REPORT

**Program name** : Webinar on Extinction and Evolution.  
**Date of activity** : 23/08/2022  
**Venue** : Online.  
**Organized by** : Department of Zoology.  
**Number of participants** : 82

### Objective of the program

Since species extinction is directly related to natural selection, it plays a significant role in the process of evolution. Environmental changes are frequently the cause of extinction. Some species have the adaptations necessary to live through environmental changes and procreate, whereas others do not. Occasionally, over many generations, a species will evolve the essential adaptations if the environment changes slowly enough. From the rise in antibiotic and pesticide resistance to the mostly human-caused increase in the extinction rate, humans have had a significant impact on evolution. Even the evolution of our own species is impacted by our influence on the process of evolution.

### Topics Covered:

- Charles Darwin's theory.
- Necessity of extinction.
- Rise of new species.
- Change in habitats.
- Diversity.
- Environmental changes.
- Human disturbances.

## PROGRAM REPORT

Program name	: Webinar on Psychology of primates.
Date of activity	: 22/08/2022
Venue	: Online.
Organized by	: Department of Zoology.
Number of participants	: 74

### Objective of the program

Primates have advanced cognitive abilities; some create tools that they utilize for food acquisition and social display. Some employ advanced hunting techniques that call for alliance, power, and position. They are manipulative, status-conscious, and deceptive. They are able to identify conspecifics and kin. They can be taught how to read and write symbols, as well as understand certain relational syntax, number ideas, and numerical order. Although both humans and monkeys are primates, neither species is descended from any other living primate. However, chimpanzees and humans share an 80-60 lakh year old common ape ancestor.

### Topics Covered:

- Introduction to the topic.
- Communication.
- Team work.
- Parental care.
- Family structures.
- Tribes forming alliances.
- Tribal warfare.

## PROGRAM REPORT

**Program name** : Webinar on Animal Behaviour.  
**Date of activity** : 27/08/2022  
**Venue** : Online.  
**Organized by** : Department of Zoology.  
**Number of participants** : 67

### Objective of the program

Animal behaviour is the study of how animals interact with one another, move through their environment, learn about it, and possibly develop a cognitive grasp of it. Since early human existence depended on understanding animal behaviour, early humans probably first watched animals for practical reasons. Success needed thorough familiarity with an animal's routines, whether it be for hunting, maintaining domestic animals, or avoiding an approaching predator. Animal behaviour research continues to be very important today.

### Topics Covered:

- Understanding and Adapting to the Environment.
- Locating Food.
- Defending their territory.
- Social hierarchy.
- Mating rituals.
- Adjusting to human encroachment.

### PROGRAM REPORT

PROGRAM NAME: INDUSTRIAL VISIT TO DHANWANTRI TRUST

DATE OF ACTIVITY: 15.05.2022

ORGANIZED BY :- DEPARTMENT OF NUTRITION AND DIETETICS.

NUMBER OF PARTICIPANTS:- 110

OBJECTIVES OF THE PROGRAM:

A webinar was organized by the department of nutrition and dietetics on the topic: Assimilate Nutritive Conclave. The event started with the welcome speech by Nazia Mohammadi HOD, AUC. The Mumtaz college students and faculty was invited to attend the webinar and all participants were given participation certificate.

The speakers of the event were Mr. Gerald Jaideep CEO Medvarsity Online Ltd. and Neha Agarwal Associate Director- Center of Excellence. The heads of various departments and faculty members have attended the seminar. The Assimilate Nutrition Conclave is a 1 day intensive workshop on nutrition and career opportunities for nutritionists. The session is very interactive as nutritionist can interact with senior leader of top organizations working in the space of nutrition.

The goal of the seminar was to spread awareness of career opportunities in nutrition field, how nutrition is applied within clinical and non-clinical impact areas, and to interact with top leaders and recruiters from across the largest food/ nutrition/ healthcare companies in India.

REPORT

I am glad to submit a brief report on a national webinar on the topic "Economic Vs Nutritive Value Of Hybrid Agriculture Products" organized by the department of economics in collaboration with nutrition department on June 28<sup>th</sup>, 2021.

The Head Department of Economics Dr Neena Singh and Mrs. Nazia Mohammadi Head department of nutrition have taken the initiative to organize the webinar.

As per the schedule the program started at 3:00 p.m. Mohammed Abu Bakar Siddiq, Assistant Professor, Arabic Department, opened the session with a recitation of qhirath e Quran. The topic was introduced by Prof. Ahmed Baig, the Director of the Anwarullom Group of Institutions.

The resource person Dr. Md Sadat Shareef, Assistant Professor of Commerce at Moulana Azad National Urdu University, addressed the audience in an engaging and attention-getting manner.

He's talked about how hybrid agricultural goods are the most direct and affordable method to improve people's nutrition. He went on to suggest that today's agricultural power, both economically and nutritionally, is underutilized.

Mrs. Nazia Mohammadi, Head Department of Nutrition, gave a vote of thanks speech to conclude the webinar.

## DEPARTMENT OF COMPUTER SCIENCE

### National Webinar

On

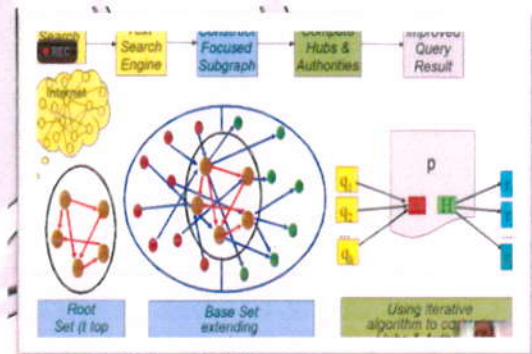

### “OPPORTUNITIES IN DATA SCIENCE”

#### INTRODUCTION

Data science is an interdisciplinary field that uses scientific methods, processes, algorithms and systems to extract knowledge and insights from noisy, structured and unstructured data, and apply knowledge and actionable insights from data across a broad range of application domains.

#### OBJECTIVE

1. To create awareness data science industry and potential opportunities in the area.
2. To motivate students to learn and understand fundamentals of data science industry.
3. To promote skill enrichment among the students.
4. To help the students to select a better career choice

**Resource Person:** Mr. Vishesh T. , Data Science Trainer,  
(RbotTech -Data Science, Hyderabad,TS)

**Target audience:** Under Graduate students

**Date of Event:** 22nd July 2021

**Convener:** Mr.Mohd.Ubaid Siddiqui (HoD, Computer Science)

**Organizing Committee:** 1.Mr. Mohammed Habeeb Ullah  
2.Mr. Mohd. Shajiuddin

**No. of Participants: 5 Teachers and 61 students**

## Learning Outcomes: Learn to become Data Scientist & Data Analyst

- Understand the need of data collection and manipulation.
- Students will develop relevant programming abilities.
- Students will demonstrate proficiency with statistical analysis of data.
- Students will develop the ability to build and assess data-based models.
- Students will execute statistical analyses with professional statistical software.

## DEPARTMENT OF COMPUTER SCIENCE

In collaboration with

Department of Computer Science and Engineering

## National Webinar On the Topic "Amazon Web Services- Developer Tools"

### INTRODUCTION

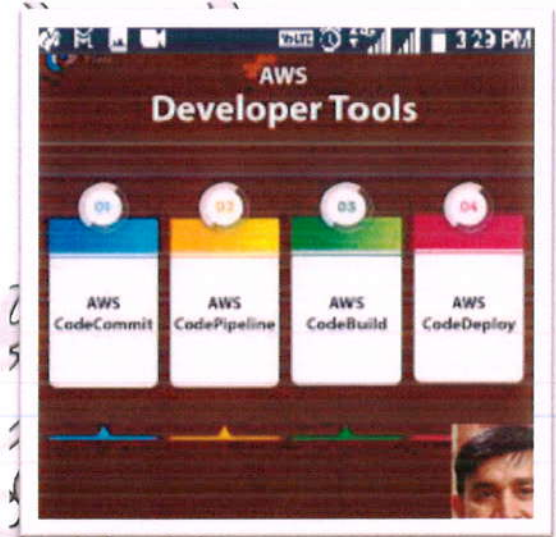

Amazon Web Services, Inc. is a subsidiary of Amazon providing on-demand cloud computing platforms and APIs to individuals, companies, and governments, on a metered pay-as-you-go basis.

### Tools to Build on AWS

C++,Go.,Java.,JavaScript.,.NET.,Node.js.,PHP.,Python.

### OBJECTIVE :

1. To create awareness of Amazon Web Services and the tools require to for a developer of these service providers and to seek opportunities in the area.
2. To motivate students to learn and understand AWS services and their uses.
3. To promote skill enrichment among the students.
4. To help the students to select a better career choice

Resource Person:

Prof. Abdul Wahid, Dean, (School of Information Technology, MANUU, Hyderabad)

Target audience:

Under Graduate students of all streams

Date Of Event:

06<sup>th</sup> November 2021

Convener:

**DEPARTMENT OF COMPUTER SCIENCE  
&  
DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING  
In collaboration with  
TELANGANA ACADEMY FOR SKILLS AND KNOWLEDGE (TASK)  
Has organized  
National Seminar on the topic "CAREER OPPORTUNITIES IN THE INFORMATION  
TECHNOLOGY INDUSTRY"**

## INTRODUCTION

Information technology (IT) professional is a popular domain chosen by the IT- aspirants to pursue a promising career. IT engineering requires a person to apply his/her knowledge and skills in converting, storing, protecting, processing, transmitting and retrieving information from computers and associated electronic devices. One needs to possess the penchant for electronic devices to become a master of this field.

Our degree emphasizes development of analytical skills, acquisition of knowledge and understanding of systems, languages and tools required for effective computation-based problem solving. "The best thing in a Computer Science is that we learn technical skills, competency, and how to think logically, which are integral to the job market of the future.

## OBJECTIVE

1. To create awareness among Students about scope in Information Technology industry.
2. To motivate students in learning and improving skills in Information Technologies.
3. To promote skill enrichment among the students.
4. To help the students to select a better career choice.

**Number of Participants:** 70

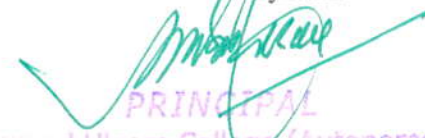

### Introduction:

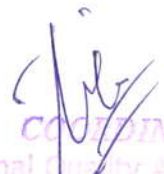

With the advent of new technologies in the market, like Embedded Systems and IOT there is a great surge of requirement of engineers who can program and build applications for devices. This being an emerging field, lot of technology transfer and training and mentoring to incumbent engineers are required for this domain. Also the academic curriculums providing education on that is nowhere sufficient according to the industry requirements. Hence we see a huge gap which needs to be bridged.

### LEARNING OBJECTIVES:

After the completing this workshop the participants will be able to familiarize:

- Definitions
- Role of an OS in Real Time Systems
- Features of Real Time Operating Systems
- Scheduling
- Resource Allocation
- Interrupt Handling
- Hard Real Time System
- Soft Real Time System

At the end of the session all the participants were provided the “Certificate of Participation.

**SESSION** : 11 &12 March 2022  
**RESOURCE PERSON** : Mohammed Salahuddin

### Brief profile

#### **Academic Profile:**

M.phil in Electronics from Nagarjuna University. Obtained with 71.3% April 2010 Research topic: Advance detection of Tsunami using MST Radar and Gravity waves. M.Sc in Electronics from Nagarjuna University obtained with 60.4%. April 2000 | Certificate in Industry relevant Embedded Course from Ei-Labz, Bangalore.

**Experience Summary:** Currently working as Training Manager in HCL, executing overseas programs of Vietnam Embedded System batches. | Worked as a Free lancer and providing Embedded Systems Training for various MNC's/ Project Solutions for Colleges/Students. Worked as a Sr Member Technical at ThinkLabs, Embedded Systems Company (a specialized area of Electronics) from January 2008 to till April 2011 dealing with robotics also. | Worked as a Sr. Lecturer at various colleges in Andhra Pradesh from June 2000.

### Topics Covered

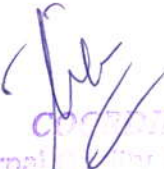

- The Scheduler
- Symmetric Multiprocessing (SMP)
- Memory Management:
- Fast dispatch latency
- User-defined data objects and classes

### Outcome:-

Participants able to

- Understand the Real Time Operating Systems
- Understand the Resource Allocation & Interrupt Handling
- Write the program for Real time OS

## PROGRAM REPORT

Program Name : FINANCIAL TECHNOLOGY – IMPLEMENTATION & CHALLENGES IN INDIA

Date of activity : 28<sup>th</sup>, Jun, 2021

Time : 11 AM – 12 Noon

Organised By : Department of Commerce

Number of Participants: Faculty 22 Students : 30

Objectives of the Webinar:

1. The main objective of the webinar is to introduce the audience FinTech technology and to describe the technology used in the back-end systems of established financial organizations
2. The other objective was to explain the adoption of digital payment systems in India, making it a lot more convenient to go about with basic financial services.
3. The audience were introduced to India's payments infrastructure has seen substantial improvements, particularly with the introduction of new payment mechanisms and interfaces such as Immediate Payments Service (IMPS), Unified Payments Interface (UPI), Bharat Interface for Money (BHIM), and others.

Outcomes of the Webinar :

1. The audience was benefited by FinTech helps companies, business owners, and consumers manage their financial operations and processes.
2. The audience learned about Banks have conventionally served as the gateway to payment services in India.
3. The faculty members about the massively complex ecosystem at the backend but the reimagining at the backend has led to fantastic experience for the customers

## PROGRAM REPORT

**Program Name** : Role of Monetary Policy and Fiscal Policy in the context of India as In Emerging Nation “

Date of activity : : 16<sup>th</sup> March 2022

Time : 11:00 AM

Organised By : Department of Commerce

Number of Participants: Faculty 23

Objectives of the Guest Lecture:

1. Traditionally, the monetary policy in India was focused on controlling inflation. This was done through the contraction of money supply and credit. However, this resulted in poor growth of the economy.
2. Regulation, Supervision, and Development of Financial Stability
3. In order to encourage people to save, the RBI offers attractive interest rates. Further, a high saving rate leads to investment.

Outcomes of the Guest Lecture:

1. The foremost outcome of the guest lecture was to introduced the members with monetary and fiscal policy of India.
2. the second outcome was to introduced about role of RBI in India.

## Program Report

**Program name:** Green audit: carbon neutrality for climate change and environmental Sustainability.

**Date of activity:** 3/07/2021

**Venue:** zoom meeting

**Organized by:** Dept Of Botany

**Number of participants:** 58

### Objectives Of The Program

This Webinar was designed to raise awareness among academicians and students of the importance of energy conservation and the negative repercussions of global warming. The main objective of the green audit is to promote Environment Management and Conservation on the College Campus. The audit aims to identify, quantify, describe and prioritize the framework of Environment Sustainability in compliance with applicable regulations, policies and standards. The main objectives of carrying out Green Audit are

To introduce and make people aware students to real concerns of the environment and its Sustainability.

To secure the environment and cut down the threats posed to human health by analyzing the campus's pattern and extent of resource use.

### Topics Covered

Climate change

Green audit

Zero carbon world

## Outcomes of the Program

An environmental audit is conducted to inform the company's management about the efficiency of the environmental Organization's systems and equipment. In order to protect the air, water, soil, plants, and animals from harm, the most acceptable practical measures can be used.

- It helps employees and students understand the effects of going green on campus. Green auditing encourages financial savings by using fewer resources.
- It provides a chance for students and teachers to build a sense of ownership and personal and societal responsibility.
- Numerous awareness campaigns will be useful in inspiring all staff members to use resources sustainably and optimally.

## PROGRAM REPORT

**Visiting place:** Kalams Institute of Science

**Date:** 16<sup>th</sup> & 17<sup>th</sup> November 2021

**Organized by:** Department of Botany & Kalams Institute of Science

**Number of Participants:** 20

The Department of Botany in collaboration with the Kalams Institute of Science, Nallakunta, Hyderabad organized a two-day Hands on Training workshop on “Advanced Molecular Biology Techniques” on 16<sup>th</sup> & 17<sup>th</sup> November 2021. The students of B.Sc. and M.Sc. actively participated in the training session organized by Dr. Mohammed Yahya Khan and coordinated by Dr. Mir Imran. The students got an opportunity to learn the various molecular biology techniques that for the basics for the advanced procedures in Molecular Biology.

### Objectives of the Workshop:

The primary objective of this workshop was to inculcate a scientific temper in the students and motivate them in involving in the research in the field of molecular biology.

Some of the important topics of the workshop were:

1. Isolation of Bacteria from soil or water samples
2. Micropipette handling
3. Genomic DNA isolation from bacteria
4. Agarose gel electrophoresis
5. PCR technique
6. Identification of bacteria using bioinformatics tools like BLAST/ MEGA

PRINCIPAL

## PROGRAM REPORT

**Program name:** Advances in Science and Technology for Sustainable Future

**Date of Activity:** 17-03-2022

**Venue:** RJP Hall

**Organized by:** Dept of Botany and Biotechnology

**Number of Participants:** 21

### Objectives of the Program

Laser plays a vital role in medicine, industry, and entertainment, resulting in fibre optic communication. Without lasers, there would be no supermarket barcode readers, specific life-saving cancer treatments, or precise navigation techniques for commercial aircraft.

- To fulfill our needs and wants with fewer resources and to do more in the short time we have on this planet.
- Cytogenetics aims to study chromosomes' structure and normal and pathological functioning.
- The other objective of medical cytogenetics is to detect constitutional or acquired chromosomal abnormalities using microscopic techniques.

(Accredited by NAAC with 'A' Grade & An ISO 9001:2015 Certified Institution)

(Affiliated to Osmania University, Hyderabad)

Date: 21/02/2022

## PROGRAM REPORT

Program name	: National Webinar on Immune System Defense Mechanism
Date of activity	: 21/02/2022
Venue	: Online
Organized by	: Dept. Of Zoology
Number of participants	: 70

### Objective of the program

After going through a period of COVID-19 learning about our Immune system defense mechanism is necessary and understanding how important of an aspect of our body it is, which helps our body counter any of the invasive micro-organism and debris. Being aware about how necessary it is to take good care of our immune system by maintaining basic hygiene, eating nutritious food, exercising, and having a good sleep schedule should be our utmost priority.

### Topics Covered:

- Constituents of the defense mechanism.
- Adaptive and innate immune system.
- Passive defensive mechanism.
- Active non-specific defense.
- Acute phase reactions.
- Inflammatory reactions.
- Cell mediated immunity.
- Hypersensitive reactions.
- Antibodies.
- Steps to take for having a healthy immune system.

# ANWARUL ULOOM COLLEGE (AUTONOMOUS)

(Accredited by NAAC with 'A' Grade & An ISO 9001:2015 Certified Institution)

(Affiliated to Osmania University, Hyderabad)

Date: 07/01/2022

## PROGRAM REPORT

Program name : Leech therapy workshop  
Date of activity : 06/01/2022 - 07/01/2022  
Venue : RJP Hall  
Organized by : Department of Zoology  
Number of participants : 300

### Objective of the program

Leeches are considered as a blood sucking parasite most of the time and rarely anyone expects them to be of any medical significance or of any beneficial use to us, this workshop aims to replace those misconceptions with knowledge of how beneficial a leech can be for curing multiple ailments and how it can be used as an alternative for allopathic medicines in certain cases.

### Topics Covered:

- Morphology of a leech.
- Physiology of a leech.
- Leech breeding.
- Type of leech used in therapy.
- Diseases cured through leech therapy.
- Using it on diabetic patients.
- Leech disposal after therapy.
- Patient progress.

## Outcome of the program

The participants of the workshop will be able to understand the procedure of performing leech therapy and using it effectively to cure or treat multiple ailments. This workshop also helped the people have a more positive outlook towards using traditional treatment methods instead of the usual allopathic treatment.

On 06/01/2022 - 07/01/2022, 300 students and 20 faculties have participated in the Leech therapy workshop.

## REPORT ON WEBINAR CONDUCTED

**TITLE:** One Day Webinar on " Applications of Fluid Dynamics ".

**PREAMBLE:** A One Day Webinar on " Applications of Fluid Dynamics ".

has been conducted on 08 July 2021, in order to impart knowledge to Faculties & students of Mathematics regarding modern Applications of Fluid Dynamics .

This Seminar was organised by the Department of Mathematics Anwarul Uloom College.

### **PARTICIPANT'S PROFILE:**

Dr Shakira Sultana , Associate Professor , Loyala Academy , Alwal , Hyderabad was the speaker on the topic.

### **DESCRIPTION ABOUT THE PROGRAMME:**

In the beginning of the Programme, there was a welcome speech by the Prof and Head Department of Mathematics Dr. Syed salahuddin , Prof. Ahmed Baig Sir, Director Anwarul Uloom Group of Institutions presided over the function. Dr Shakira Sultana , Associate Professor , Loyala Academy , Alwal , Hyderabad has participated and spoke on the topic.

In Her Lecture She emphasized on the Latest Applications of Fluid Dynamics. and solved many case studies . The entire session was an interactive session and the speaker answered many queries raised by the students.

The entire programme was co ordinated with the support of the Principal, Director and faculty of the Department of mathematics , Anwarul Uloom College, Hyderabad.

### **FEEDBACK:**

All the faculty members of other Departments expressed their gratitude to the staff of the Department of Mathematics , Anwarul Uloom College and the Speaker for imparting knowledge and creating awareness on Fluid Dynamics .

### **FUTURE PERSPECTIVES:**

The Department of mathematics looking forward to organize future conferences and seminars which will be more informative to the students.

**REPORT SUBMITTED BY:** Prof Syed Salahuddin.

**DESIGNATION:** Head of the Department of Mathematics , Anwarul Uloom College.

## **Outcomes of the Webinar:** Students / Participants learnt

- Internet has been an indispensable tool of the teaching – learning process for both teachers and students
- Search Engines provides a great opportunity to access information and communication
- Speaker gave many Websites to go directly and get the required information
- First, a user may go directly to a Web Page by knowing its exact location
- Search Engines can be used to state the kind of information users hope to find and then provide a large variety of information resources which are likely to be related to that information

**Feedback:** The Webinar was a great success. 196 participants participated and they have given a very excellent feedback. Such informative Webinars should be conducted frequently so that the students and teachers should be benefitted by it

**Vote of Thanks:** The Vote of Thanks was given by Mr. K. Felix, Head of the Department of History, Anwarul Uloom College and thanked the Management of Anwarul Uloom College and the Resource Person Dr. J. Viveka Vardhan

**Future perspectives:** Department of History is planning to have such Webinars and Seminars which will be more informative and useful for the students

## Program Report

Program Name	:	Hindi Divas Samaroh
Date of activity	:	23-3-2021
Venue	:	RJP College Seminar Hall
Organized by	:	Department of Hindi
Number of Participants	:	32

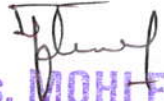

Anwarul Uloom College (Hindi Department) organized on Hindi Divas Samaroh on 23-3-2021.. The purpose of the program was to give a new direction to Hindi poetry and development, as well as an attempt to attract the new generation to Hindi and increase their quest for the Hindi language. The purpose of celebrating Hindi Divas was to highlight the importance of national language.

## Outcome of the Program

In this program, development and promotion of Hindi language was considered as the most important. In this event, it was made clear that the youth should be exposed to Hindi language .

### Feedback :

students, speakers, special guests participated in the Hindi Divas. All the participants who participated in the conference declared the conference a success and emphasized that such a conference should be held every year.

(Affiliated to Osmania University, Hyderabad)

There were many students who expressed their desire to present their poetry or that of other poets on stage. Anwar Uloom Education Institutions Director Professor Ahmed Baig praised the students who participated in the Mushaira and also advised them to develop interest in poetry.

Feedback on the mushaira of female students:

The success of this mushaira can be attributed to the fact that apart from all the guests of honor and special guests sitting on the stage, the students also appealed to hold a mushaira of female students every 6 months. Many other female students were present here who have expressed their desire to present the poetry of different poets on organizing the mushaira again.

## REPORT

I am very delighted to present a brief report on a national webinar on the topic "ways of effective wealth creation" organized by the department of economics on 12<sup>th</sup> october, 2020.

The head department of Economics Dr Neena Singh have taken the initiative of organizing the webinar.

According to the schedule , the programme started at 12:00 p.m. Mohammed Abu Bakar siddiq, Assistant Professor, Arabic Department, opened the session with a recital of the qhirath. Prof. Ahmed Baig, Director of the Anwarullom Group of Institutions, lit the customary lamp by his speech to start the programme.

The resource person, Ramachandra Bhat. K associate at lotus knowlwealth. Pvt.lmt has begun his talk to the audience in a very attention-grabbing manner. He continued his speech in explaining that, it is true wealth can't be created in one day, but it's not impossible to create wealth over time if one is regular and disciplined with one's investments.

He concluded his speech stating, "They say - Rome was not built in one day". This holds true for wealth creation too. But, if you are disciplined in your saving and investment approach, and follow a few investment rules you can create enough wealth over time to live a comfortable life all through.

## OUTCOMES

- This webinar helped both students and faculty to understand that the most important thing about creating wealth is that you have to be regular and disciplined with your savings and investment.
- The audience realized that Saving is not enough; based on your financial needs channelize your monthly savings into investments.
- It also helped in identify that, Since we usually have multiple financial goals with different objectives and timeframes, there should be different SIP investments meant for achieving each of these goals in time.

Ms. Sana Fatima was the resource person for the day, she is

And is a Personality Development Trainer. She is a campus trainer and edited two Magazines in colleges, Vasudha and Inspiration in 2019.

All the Webinar links and Brochures were shared and forwarded by the department to different colleges through WhatsApp and Invitation letter and total 130 participants responded registered and participated in the webinar successfully. The webinar began at 11:00 am with the welcome speech by Asst. Prof. Masarath Fatima (English, Anwarul Uloom). The resource person in her webinar she brought light on how it is important to acquire good knowledge of English allows you to communicate effectively at work place. She emphasized on how learning professional English helps students obtain more career opportunities, as the job market in current scenario is wide open globally which indeed demands for good communication skills to communicate with partners and clients all over the world. She also emphasized on language learning and language proficiency. As the speaker proceeded with her lecture in webinar she made students aware of global market requirements for English speakers and translators, well equipped with the language skills gives more opportunities for well set desired job positions in the marketing professions as well as another professional field of teaching and learning process. All the enormous number of benefits were discussed with the students and participants.

Webinar was very informative and fruitful to the students of U.G and P.G

One becomes a better and more sought-after employee as well as a better rounded person after being trained and guided by the professionals Ms. Sana also guided in selection of various options of available courses to improve professional skills in English language.

The speaker was more precise to students about choosing tailored made courses by key international industries and specific professional institutions. More over it was a very good opportunity to all participants to enhance their information regarding importance of professional English language learning.

## PROGRAM REPORT

Program name : catalysis for sustainable development  
Date of activity : 31/10/2020  
Venue : College Seminar Hall  
Organized by : Dept. Of Chemistry  
Number of participants : 90

1

### Objective of the program

- To study the use of recycled materials
- Renewable resources
- Builds new community without destroying the ecosystem
- No harm to the environment
- Environmental friendly

### Outcome of the program

At the end of the programme the students were enriched with the knowledge on how catalyst feed up a chemical reaction by lowering the amount of energy unit to get one going. And how catalyst save energy ranging from edibles to other hazardous waste and metals.

## CIRCULAR

All the staff members and students are hereby informed that the department of chemistry is organising one day webinar on "Stereo Chemistry" on 5/11/2020 by Dr. Sanjiv Kumar, assistant professor, department of chemistry, University of Allahabad.

The aim of this lecture is to study the part of stereo chemistry in the study of chiral molecules. The molecules look almost identical except that one molecule is the mirror image of the other.

## PROGRAM REPORT

Program name : Stereo Chemistry  
Date of activity : 22/07/2019  
Venue : College Seminar Hall  
Organized by : Dept. Of Chemistry  
Number of participants :85

### Objective of the program

The students

- to differentiate chiral and achiral molecule
- Recognize and draw structural isomers (constitutional isomers), Stereoisomers including enantiomers and diastereomers, racemic mixture, and meso compound.
- Identify the stereocenters in a molecule and assign the configuration as R Or S.
- Know the relationship between enantiomers and their specific rotation.

### Outcome of the program

At the end of the programme the students are able to differentiate chiral molecule draw structural and stereoisomers, able to identify stereocenters.

## PROGRAM REPORT

**Program Name:** Benefits of Biotechnology

**Date of activity:** 24<sup>th</sup> -10-2020

**Venue:** RJP Hall, Anwarul Uloom College

**Organizing Department:** Department of Biotechnology

**Number of Participants:** 130

### Objective of the Program:

1. To update, extend and deepen the knowledge related to academia and industry requirement.
2. To enhance career opportunities in industry, clinical settings and fostering global competence among students.
3. To enable critical thinking and full-fledged grasp of essential aspects of Bioethics.
4. To enrich the students with right mixture of innovative ability, existing policies and generating and safeguarding the product of their intellect equipped with entrepreneurship abilities contributing to self and national development

### Topics Covered:

- Various disciplines of Biotechnology
- Scope of Biotechnology
- Industrial Biotechnology
- Future of Biotechnology
- Genetic engineering
- Molecular Biology
- Human Genome Project

## PROGRAM REPORT

Program Name	International Webinar
Date of the Activity	25-07-2020
Venue/ Mode	Online
Organized by	Department of English
Number of Participants	65

### A brief report on One Day International Webinar

On

**“ENGLISH LANGUAGE COMPETENCE – THE NEED OF THE HOUR”**

### Objectives of Webinar:

- The aim is to enable faculty and students to acquire basic language skills (listening, speaking, reading and writing) in order to communicate with speakers of English Language.
- To provide quality programs to students with specialized English needs and goals.
- To enhance the ability to establish sufficient context in writing, in addition to skills of sentence clarity, grammar and mechanics.
- To help learners to acquire practical command of English and communicate effectively in foreign language.

I am glad to present the report on Webinar - **“ENGLISH LANGUAGE COMPETENCE – THE NEED OF THE HOUR” ON 25<sup>TH</sup> JULY, 2020**

The Department of English under the leadership and guidance of the Dean of Arts, Major Prof. Sultana Khan and Head of the Department, Capt Prof. Kausar Begum Khan organized one day International Webinar through Zoom App. With the support from out Management, Principal, the assistant coordinators and members of English Department my colleagues it was

possible for us to make all arrangements for the smooth and successful conduction of the Webinar.

**The speaker - Professor Jeremy Tuman**, faculty in Department of English in Xavier University of Louisiana U.S.A and also the Director of first year composition. He is also the Editor of Pathways Xavier's first year student essay journal.

He spoke on shift in composition in recent years towards career preparation skills that also called as Transfer skills, which mirrors a move in universities as a whole, beginning with open enrollment era of the late 1970s.

He also focused on traditional modes of discourse that are still important including argument, narrative, comparison, description, but gave special emphasis to the modes of summary and analysis.

## Program Report

**Program name:** Impact of Climate change on Horticulture and Agriculture in the present Scenario

**Date of activity:** 13/07/2020

**Online:** Zoom meeting

**Organized by:** Dept Of Botany

**Number of participants:** 62

### Objectives of the program

Everyone must remain at home to ensure their well-being due to the pandemic and is not permitted to leave. The primary objective of this webinar was to comprehend how agriculture and horticulture are now affected by climate change.

- How is climate change affecting agriculture and its effects on crops?
- Climate change is linked to several adverse effects on agriculture, water resources, biodiversity in the forest, human health, coastal management, and temperature rise.
- The primary effect of climate change on India is a decline in agricultural productivity.
- Increase agricultural output and incomes sustainably; develop climate change adaptation and resilience; and, whenever possible, reduce or eliminate greenhouse gas emissions.

### Topics Covered

- Climate Change Causes and its Consequences on humanity
- Effects of climate change on Agriculture
- Impact of climate change on Horticulture

Date: \_\_\_\_\_

## Outcomes of the Program

- Participants learned about the different methods to overcome these issues.
  - In the present predicament, people can grow plants at home and observe them bloom.
  - They also learnt that, according to the FAO, CSA is built on three key pillars: Adapting to climate change and fostering resilience are priorities number one and two, and whenever practical, greenhouse gas emissions should also be reduced or eliminated.
- ❖ The event, which faculty members attended, researchers, and students from several universities, finished with a set of questions and answers.

## A brief report on One day Webinar organized by

### Department of English

#### On

### **“Latest Trends in Education”**

(Critical Thinking for Better learning outcomes and  
Technology for Online Education)

**Date: 15th June 2020**

#### **Objectives of Webinar:**

- To prepare students and faculty for online learning techniques and opportunities.
- To use open educational resources and other technologies that can increase educational productivity by accelerating the rate of learning.
- To help students and faculty to improve their instruction and personalize learning
- To enhance critical thinking for better learning outcomes.
- To create advanced learning environment and opportunities to students.

It is my pleasure to present a report on the webinar- **“Latest Trends in Education”**

**On 15<sup>th</sup> June 2020, MONDAY 11:00 AM -1:00 PM**

With the support of our management and coordinating staff members Department of English Organized a webinar under the guidance of Dean of Arts,  
MAJOR .PROF .SULTANA KHAN and, Head of the Department,  
CAPT. PROF. KAUSAR BEGUM KHAN

It was conducted during the pandemics and lockdown.

Online link for the webinar was shared with different MOU colleges,

There were more than 250 participants registered for the webinar from different colleges

  
**Capt. Dr. Kausar Begum Khan**

# ANWARUL ULOOM COLLEGE (AUTONOMOUS)

(Accredited by NAAC with 'A' Grade & An ISO 9001:2015 Certified Institution)

(Affiliated to Osmania University, Hyderabad)

The webinar was held in two sessions, and the link was shared through WhatsApp link and Email IDs. There was a short break between the sessions.

The session began with welcome address by Mrs. Rafia Tanveer Asst.Prof

And pursued by Prof. K.S.Sunita (RETD) O.U associated with ANAWRUL ULOOM COLLEGE.

**The Topic for First session –“Critical Thinking for Better learning outcomes”.**

**The Topic for Second session-“Technology for Online Education”.**

**(Each session - one hour)**

**Resource Person for the Webinar: Dr G. SUVARNA LAKSHMI** -Associate Professor and Head ,Department of ELT, EFLU .She has 22years of experience in teaching and has delivered courses for PhD and won awards for her contribution in teaching field .

The session started with welcome address by

Dr. Suvarna spoke on current trends in education, how technology could be a helpful tool in educating the students. she spoke about technology has power to transform teaching by ushering in a new model of connected teaching, she explained in detail, how to design and conduct 'Online Assessment Test' and made the faculty and students aware of different Apps and Courses that are useful for teachers for teaching online .

Students were introduced to new teaching methods like online training, social networking, and web classes with use of latest technologies.

With the support of Management, Director and assistance of the faculty members of the Department ANWARUL ULOOM College, The Department of English under the guidance and leadership of the Dean of Arts, MAJOR .PROF. SULTANA KHAN and Head of the Department CAPT.PROF.KAUSAR BEGUM KHAN organized a webinar on

**“Lead the way to English Literature”** on 10<sup>th</sup> March 2021 in collaboration with Karp Diem –an event management organization. The webinar began at 11:00 am with the welcome speech by Asst. Prof. Masarath Fatima (English, Anwarul Uloom).

All the Webinar links and Brochures were shared and forwarded by the department to different colleges through WhatsApp and Invitation letter and total 125 participants responded and participated in the webinar successfully.

## ANWARUL ULOOM COLLEGE (AUTONOMOUS)

(Accredited by NAAC with 'A' Grade & An ISO 9001:2015 Certified Institution)

(Affiliated to Osmania University, Hyderabad)

### Outcomes of the Webinar

- The students responded positively and actively participated in the webinar.
- All the participants filled online feedback forms and received participation certificates for the same.
- All the staff and resource person also received appreciation certificate from the college through the coordinated organization

The webinar was beneficial for the students and covered all the doubts to choose English as language of present requisite and Importance of literature.

## A brief report on One day International Webinar

### Organised by Department of English

#### On

### “Enhancing Writing Skills: Transparency and Collaboration.”

#### **Objectives of Webinar:**

- To provide quality programs for students with specialised writing needs and goals.
- To develop vision of opportunities for growth of international accreditation.
- To enhance the ability to establish and recognise global need of writing skills.
- To open platform for students to develop greater understanding for the global requirement.
- To develop more international perspectives of learning and writing skills, to bring out curiosity of adapting the skill sets.
- To develop vision of opportunities for growth of international accreditation.

I am pleased to present a report on an International webinar on **“Enhancing Writing Skills: Transparency and Collaboration”** on **27<sup>th</sup> March 2021, Saturday .7:30 pm** conducted by the Department of English ANWARUL ULOOM COLLEGE with the support of Management, Director , Coordinators, Organizers MRS.IFTEKHARUNNISA (ASSOCIATE PROFESSOR) DR. SYED ADEEL AHMED (Xavier University of Louisiana, U.S.A)

The Department of English under the guidance of the Dean of Arts, MAJOR .PROF. SULTANA KHAN and Department Head, CAPT.PROF.KAUSAR BEGUM KHAN organized this International webinar. The webinar was conducted on Zoom App in the evening time due to Universal Time consideration.

DEPARTMENT OF COMPUTER SCIENCE

Has Organized

## TWO DAYS WORKSHOP ON "MACHINE LEARNING USING PYTHON"

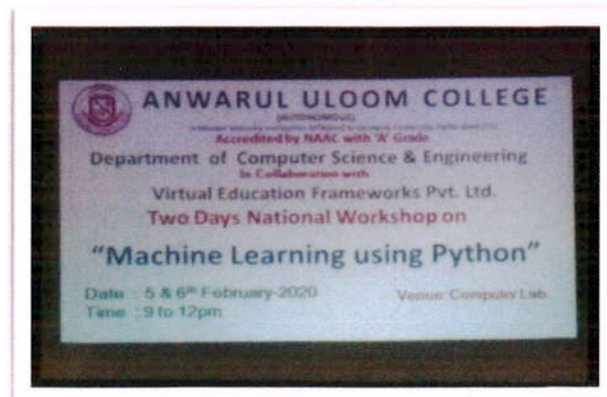

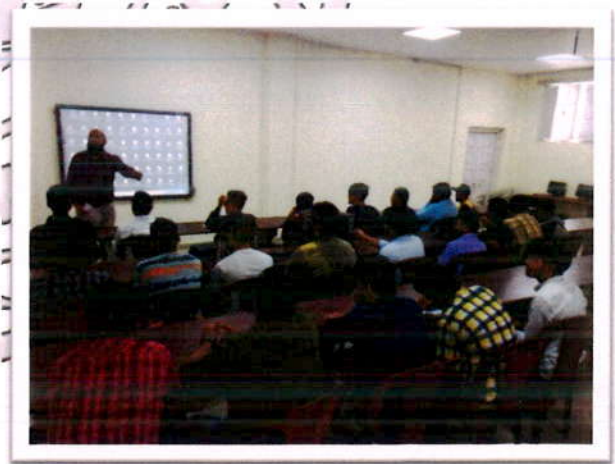

### INTRODUCTION

Computer Science is a fast moving field that brings together disciplines including Mathematics, engineering, and electronics. Our courses provides with highly prized in industry and for research. This focuses on parting knowledge to the students in Projects and seminars are conducted to enhance the students' abilities and skills. Advanced and well equipped labs and infrastructure is provided to the students to study in college. Computer Science is problem solving using computers. Computer Science Majors learn how computers work, from the underlying electronics to the use of high level application programs.

Our degree emphasizes development of analytical skills, acquisition of knowledge and understanding of systems, languages and tools required for effective computation-based problem solving. "The best thing in a Computer Science is that we learn technical skills, competency, and how to think logically, which are integral to the job market of the future.

### OBJECTIVE

1. To create awareness among Students about Machine Learning
2. To create learning environment in the College Campus.
3. To promote skill enrichment among the students.
4. To help the students to select a better career choice.

## Program Report

Program Name	:	Seminar & Student's Mushaira
Date of activity	:	13th Nov 2019
Venue	:	RJP College Seminar Hall
Organized by	:	Department of Urdu
Number of Participants	:	35

On November 13, 2019, a mushaira was organized by the Urdu Department of Anwar Uloom College for the students, the aim of which was to familiarize the students with Urdu poetry. The special feature of this mushaira was that (BA) first year and second year students participated in the mushaira and presented the poetry of famous poets in their own style. All the students and teachers of the college were present in this Mushaira.

Famous poets of Hyderabad Farid Sahar, Tayyab Pasha Qadri, Sardar Salim were present in this Mushaira. Who encouraged the female students who participated in the mushaira. In this mushaira, the director of Anwar Uloom Education Institutions, Vice Chancellor Ahmed Baig, Head Sports and Cultural Activities Prof. Haji Sajjad, Anwar Uloom College Principal Abdul Razzaq Sahab, were also present.

# ANWARUL ULOOM COLLEGE (AUTONOMOUS)

(Accredited by NAAC with 'A' Grade & An ISO 9001:2015 Certified Institution)

(Affiliated to Osmania University, Hyderabad)

## Outcomes of the Program

This mushaira instilled a taste for poetry in students. There were many students who expressed their desire to present their poetry or that of other poets on stage. Anwar Uloom Education Institutions Director Professor Ahmed Baig praised the students who participated in the Mushaira and also advised them to develop interest in poetry.

Feedback on the mushaira of female students:

The success of this mushaira can be attributed to the fact that apart from all the guests of honor and special guests sitting on the stage, the students also appealed to hold a mushaira of female students every 6 months. Many other female students were present here who have expressed their desire to present the poetry of different poets on organizing the mushaira again.

## PROGRAM REPORT ON WORKSHOP

**TITLE: Machine Learning using Python**

### **Introduction**

Machine learning (ML) is a branch of artificial intelligence (AI) that enables computers to “self-learn” from training data and improve over time, without being explicitly programmed. Machine learning algorithms are able to detect patterns in data and learn from them, in order to make their own predictions.

Python has a simple syntax similar to the English language. Python has syntax that allows developers to write programs with fewer lines than some other programming languages. Python runs on an interpreter system, meaning that code can be executed as soon as it is written. This means that prototyping can be very quick.

### **LEARNING OBJECTIVES:**

- Master the fundamentals of writing Python program.
- Learn core Python scripting elements such as variables and flow control structures.
- Discover how to work with lists and sequence data.
- Write Python functions to facilitate code reuse.
- Work with the Python standard library
- Explore Python's object-oriented features
- Search text using regular expressions
- The primary purpose of machine learning is to discover patterns in the user data and then make predictions based on these and intricate patterns for answering business questions and solving business problems.
- Machine learning helps in analyzing the data as well as identifying trends.

## REPORT OF THE PROGRAMME

TITLE OF THE SEMINAR: CHANGING SCENARIO OF GLOBALIZATION

The department of Political Science has organized a seminar on the topic "CHANGING SCENARIO OF GLOBALIZATION" on 10<sup>th</sup> February 2020.

OBJECTIVES:

- Students will understand the concept of globalization and its changing dimensions
- IR students will come to know the understanding of the relations between and amongst the nations
- Students will come up with their opinion regarding the effects of the mutual understanding between the nations.

SESSIONS: 02

RESOURCE PERSON:

Dr. D. Shobhana,  
Principal,  
Sarojini Naidu Vanitha Mahavidyalaya.

Dr. Shabana Farheen,  
Asst. Professor,  
MANUU.

PARTICIPANTS: 100

FEEDBACK:

All the faculty members of other Departments expressed their gratitude to the staff of the Department of Political Science, Anwarul Uloom College and the speaker for imparting knowledge and creating awareness on Globalization.

## PROGRAM REPORT

**PROGRAM NAME: Webinar**

**DATE OF ACTIVITY: 20<sup>th</sup> SEPTEMBER, 2019**

**VENUE: Zoom Meeting App**

**ORGANIZED BY: Economics Department**

**NUMBER OF PARTICIPANTS: 90**

### OBJECTIVES OF PROGRAM:

- To know various tools or instruments of monetary policy which can be used to achieve economic and price stability by influencing aggregate demand or spending in the economy.
- To understand how these tools of monetary policy leads to an increase in reserves or liquid resources with the banks.
- To understand how expansionary monetary policy works to cause increase in output and employment and thus help the economy to recover from recession

## PROGRAM REPORT

I am very delighted to present a brief report of a the webinar organized by department of economics on 20<sup>th</sup> september 2019 on "The impact of monetary policy on economic stabilization".

The Head department of Economics Dr Neena Singh job have taken the initiative of organizing the webinar. Different Department of Anwarul uloom college have also extended their immense support.

According to the schedule , the programme started at 12:00 p.m. Mohammed Abu Bakar siddiq, Assistant Professor, Arabic Department, opened the session with a recital of the qhirath. Prof. Ahmed Baig, Director of the Anwarullom Group of Institutions, lit the customary lamp by his speech to start the programme.

The resource person, Dr. savithri M who is working as an assistant professor in Nizam college Gunfoundry began his talk to the audience in a very attention-grabbing manner.

In his speech, she has discussed the importance of Monetary policy is an instrument with which objectives of macroeconomic policy can be achieved.

She continued her speech stating that it should be however noted that in a developing country such as India, in addition to achieving equilibrium at full employment or potential output level, monetary policy has also to promote and encourage economic growth both in the industrial and agricultural sectors of the economy.

The programme came to an end by 3.30 pm with a vote of thanks delivered by Bushra siddiqua, assistant professor department of economics.

## OUTCOMES OF THE WEBINAR

- The audience came to understand how to ensure economic stability at full-employment or potential level of output with monetary policy.
- The audience got to basic knowledge how price stability is achieved by controlling inflation and deflation.
- The audience also understood the importance of monetary policy to promote and encourage economic growth in the economy.

## PROGRAMME REPORT

**Title of the National Seminar:** "CONSUMER BEHAVIOUR IN TODAY'S CONTEXT".

The Department of Business Administration has organized National Seminar on "CONSUMER BEHAVIOUR IN TODAY'S CONTEXT" on March 03<sup>rd</sup> 2020.

### Objectives:

- To understand what consumer behavior is and the different types of consumers.
- To understand the relationship between consumer behavior and the marketing concept, the societal marketing concept, as well as segmentation, targeting and positioning.
- To understand the relationship between consumer behavior and customer value, satisfaction, trust and retention.
- To understand how new technologies are enabling marketers to better satisfy the needs and wants of the consumers.
- To understand how marketers are increasingly able to reach consumers wherever consumers wish to be reached.
- To understand how the world's economic condition is leading to consumption instability.

SESSIONS: I

### RESOURCE PERSON:

Prof. Rashid Farooqui  
Department of Business Management  
MAANU, Hyderabad.

SESSIONS: II

### RESOURCE PERSON:

Prof. Reshma Farooqui  
Department of Business Management

**PARTICIPANTS:** 250

**FEEDBACK:** All the faculty members of other Departments expressed their gratitude to the staff of the Department of Business Administration, Anwarul Uloom College and the Speakers for imparting knowledge and creating awareness on Consumer Behaviour in Today's Context. They mentioned it as "very informative", "excellent sessions", "humorous" etc.

**OUTCOMES:**

- Understanding consumer behavior allows creating effective marketing campaigns.
- It helps to make a target group of consumers with the same or similar behavior.
- To understand what motivates consumers to make purchases.

## Program Report

**Program name:** Recent Advances and Challenges in Horticulture & The weekly Magazine of the Department.

**Date of activity:** 22/02/2020

**Venue:** College Auditorium (RJP HALL)

**Organized by:** Dept of Botany

**Number of participants:** 250

### Objectives Of The Program

Horticulture is a significant theme that fascinates students worldwide. Horticulture crops play a significant part in the Indian economy by creating jobs, offering raw materials to different food processing companies, and enhancing farm profitability through increased production and foreign exchange export revenues.

It allows pupils to practise numerous propagation techniques that are simple to complete at home.

### Topics covered

Different types of horticulture

arboriculture

lawn maintenance

floral design landscape

Olericulture

Pomology

Viticulture

## PROGRAM REPORT

Program name : The role of mathematics and chemistry in understanding  
And solving the 21<sup>st</sup> century challenges.

Date of activity : 22/01/2020

Venue : College Seminar Hall

Organized by : Dept. Of Chemistry

Number of participants : 88

1

### Objective of the program

The objective of the programme is to study how mathematics is used to calculate energy in reaction, compression of a gas, grams needed to add to a solution to reach desired concentration and quantities of reactants needed to reach a desired product.

### Outcome of the program

Students have learned about the application of mathematics in chemistry to solve the wave function, quantum mechanics.

## PROGRAM REPORT

Program name : One day seminar on Pericyclic Reaction  
Date of activity : 22/07/2019  
Venue : College Seminar Hall  
Organized by : Dept. Of Chemistry  
Number of participants : 86

### Objective of the program

To study pericyclic Reaction.

- The concept of pericyclic reaction
- In cyclo addition
- Electrocyclic
- Sigmatropic
- Ene reaction
- Pericyclic reaction occur stereospecifically
- HOMO and LUMO pericyclic reactivity
- Frontier molecule orbital theory and the outcome of reaction
- By using Woodward-Hofmann rules

### Outcome of the program

The students have gained the knowledge on how these concerted reactions proceed via cyclic transition states.

## PROGRAM REPORT

Program name : One day seminar on Nanochemistry  
Date of activity : 25/11/2019  
Venue : College Seminar Hall  
Organized by : Dept. Of Chemistry  
Number of participants : 87

1

### Objective of the program

The topic is aimed at explaining utilization of synthetic chemistry to make nanoscale building blocks at different size and shape, composition, surface structure charge functionality.

The basic principle of nanochemistry lies in self assembly of a target structure from the spontaneous organisation of building blocks.

- Nanochemistry can be characterized by concepts of size, shape, self-assembly, defects and bio-nano.
- The nano prefix was given to nanochemistry when scientists observed the odd changes on materials when they were in nanometer-scale size.
- Nanochemistry and other nanoscience fields have the same core concepts but the usages of those concepts are different.
- Silica, gold, polydimethylsiloxane, cadmium selenide, iron oxide and carbon are materials that show the transformative power of nanochemistry
- Nanochemical methods can be used to create carbon nanomaterials such as carbon nanotubes (CNT), graphene and fullerenes which have gained attention in recent years due to their remarkable mechanical and electrical properties.

### Outcome of the program

Apply principles of basic science concepts in understanding analysis and prediction of matter of Nano scale.

## PROGRAM REPORT

Program name : one day seminar on NMR

spectroscopy

Date of activity : 19/02/2020

Venue : College Seminar Hall

Organized by : Dept. Of Chemistry

Number of participants : 92

1

### Objective of the program

- Know how nuclear spins are affected by a magnetic field, and be able to explain
- What happens when radiofrequency radiation is absorbed.
- Be able to predict the number of proton and carbon NMR signals expected from a Compound given its structure.
- Be able to predict the splitting pattern in the proton NMR spectrum of a compound Given its structure.
- With the aid of a chart of chemical shifts from  $^1\text{H}$  and  $^{13}\text{C}$  NMR, be able to assign Peaks in an NMR spectrum to specific protons in a compound.
- Be able to interpret integration of NMR spectra.
- Be able to use NMR spectra to determine the structures of compounds, given other Information such as a molecular formula.
- Be able to calculate coupling constants from  $^1\text{H}$  NMR spectra, and utilize the Coupling constants for determining compound structure.\*
- Be able to determine the compound structure based on information generated from • Mass spectrometry, IR, NMR, and elemental analysis.\*

### Outcome of the program

Nuclear magnetic resonance (NMR) spectroscopy is the study of molecules by recording the interaction of radiofrequency (Rf) electromagnetic radiations with the nuclei of molecules placed in a strong magnetic field.

## PROGRAM REPORT

**Program Name:** National conference on Climate Change and Impacting, Emerging Frontiers in Biological Sciences (CHIEF 2020)

**Date of activity:** 14<sup>th</sup> and 15<sup>th</sup> March 2020

**Venue:** RJP Hall, Anwarul Uloom College

**Organizing Department:** Department of Biotechnology

**Number of Participants:** 190

### Objective of the Program:

Climate change refers to long term shifts in temperature and weather patterns. These shifts in may be natural but Human activities have been the main reason for the climate change. Objective to get the participants acquainted with the factors that lead to Climate change and how it can impact the life on earth. Measures to control and eradicate the factors that lead to climate change will be the main point of discussion.

### Topics Covered:

- Carbon and Land management
- Carbon benefits of Wood-Based products and energy
- Carbon consideration in land management
- Effects of droughts on forests and rangelands
- Forest management for carbon benefits
- Forest soil carbon and climate change
- Global carbon
- Grasslands and climate change
- Urban forests and climate change
- Species distribution and climate change
- Importance of forest cover

## PROGRAMME REPORT

### TITLE OF THE WORKSHOP: HUMAN VALUES

The department of Political Science has organized a workshop on the topic "HUMAN VALUES" in collaboration with other departments on 8<sup>th</sup> October 2018.

### OBJECTIVES:

- Students will understand the importance of human values.
- Students will be able to apply human ethics in their lives.

### SESSIONS: 01

### RESOURCE PERSON:

Prof. Parveen Sultana,  
Psychologist.

### PARTICIPANTS: 55

### FEEDBACK:

All the faculty members of other Departments expressed their gratitude to the staff of the Department of Political Science, Anwarul Uloom College and the speaker for imparting knowledge and creating awareness.

### OUTCOMES:

- Students understood the significance of values and ethics in life.
- Students further promoted human values and ethics.

## PROGRAM REPORT

**PROGRAM NAME:** Seminar

**DATE OF ACTIVITY:** 21<sup>st</sup> December 2018

**VENUE:** RJP HALL AUC

**ORGANIZED BY:** Department of Economic

**NUMBER OF PARTICIPANTS:** 25

### OBJECTIVES OF PROGRAM:

- To analyze the relationship between the price elasticity of demand and total revenues.
- To understand how elasticity helps us identify how much a change in price will affect market behaviors.

## PROGRAM REPORT

The Head department of Economics Dr Neena Singh job have taken the initiative of organizing the seminar. Different Department of Anwarul uloom college have also extended their immense support.

According to the schedule , the programme started at 12:00 p.m. Mohammed Abu Bakar siddiq, Assistant Professor, Arabic Department, opened the session with a recital of the qhirath. Prof. Ahmed Baig, Director of the Anwarullom Group of Institutions, lit the customary lamp by his speech to start the programme.

The resource person, Dr. Etikala Prushotam who is working as an assistant professor in Nizam college Gunfoundry began his talk to the audience in a very attention-grabbing manner.

In his speech, he has discussed elasticity is important to pricing decisions because it helps us understand whether raising prices or lowering prices will enable us to achieve our pricing objectives.

The programme came to an end by 2.30 pm with a vote of thanks delivered by Bushra siddiqa, assistant professor department of economics.

## OUTCOMES OF THE SEMINAR

- It helped the audience understand that if we make a small change in price, it will have a dramatic impact on the demand for the product or only a small impact or not?
- Price elasticity is the measure of the market's response to price changes.
- It also helped the audience understand whether a discount drive increased sales? Will a price increase cause us to lose many buyers or just a few?
- Everyone were able to answer these questions in order to select the most effective pricing strategy.

## Program report

**Name:** New Horizons in Applied Plant Sciences Research and its impact on Human Welfare

**Date:** 30 & 31 Oct 2018

**Venue:** RJP Hall

**Organized by:** Department of Botany

**No of participants:** 250

The Department organized a 2 Day National Conference on "New Horizons in Applied Plant Sciences Research and its impact on Human welfare" in association with the Institute of Forest Biodiversity Dulapally. Scientists from CRIDA, IIRR, ICAR, NIPER, IFB, and PJTSAU presented their work during the events. Along with Dr. G.Ravi Shanker Reddy, Scientist G IFB, who also contributed money for the Conference, our Management, the chief guest P. RAGHUVeer, Chief Conservator of Forest and IFS, graced the occasion with his honourable presence. The dignitaries of the event issued full-length papers, ISBN Books and conference proceedings, both of which focused on the conference's theme. October 30 and 31, 2018

## OBJECTIVES

Students learn how plants are used to produce food, alter environments, restore damaged landscapes, improve human health and well-being, improve community environments, and provide recreational and practical benefits to the public. Plant science is essential to maintaining the world around us.

REPORT

Date: \_\_\_\_\_

I am glad to give a summary of the workshop on static and dynamic models with special reference to economics held by the department of economics on November 9, 2018.

The head department of Economics Dr Neena Singh have taken the initiative of organizing the workshop.

Prof. A. K. Vasu Devachary, Head of the Economics Department of Osmania University, was invited to serve as the workshop's resource person.

BA Economics students enthusiastically engaged in the session by developing several economic models.

Prof. A. K. Vasu Devachary, a resource person, praised the professors' efforts in supporting students in creating and explaining economic models in a clear and concise manner.

## OUTCOMES:

Teachers from other departments asked the students a series of questions to explain the model, and the students were capable of answering them all with ease, which demonstrated a high level of awareness and knowledge of the students. It also revealed the confidence in their ability to present their work.

**TITLE:** One Day WORK SHOP on " Non Linear Dynamics and its Applications " .

**PREAMBLE:** A One Day WORK SHOP on "Non Linear Dynamics and its Applications " .

has been conducted on 15<sup>th</sup> March 2019, in order to impart knowledge to Faculties & students of Mathematics regarding modern Applications in Non Linear Dynamics .

This Seminar was organised by the Department of Mathematics Anwarul Uloom College IN THE RJP Hall.

**PARTICIPANT'S PROFILE:**

Dr Abdur Raouf , Associate Professor , M J C E , Hyderabad was the speaker on the topic.

**DESCRIPTION ABOUT THE PROGRAMME:**

In the beginning of the Programme, there was a welcome speech by the Prof and Head Department of Mathematics Dr. Syed salahuddin , Prof. Ahmed Baig Sir, Director Anwarul Uloom Group of Institutions presided over the function. Dr Abdur RAOUF , Associate Professor ,M J College of engineering , Hyderabad has participated and spoke on the topic.

In His Lecture He emphasized on the Latest Applications in Non L linear Dynamics. annd solved many case studies . The entire session was an interactive session and the speaker answered many queries raised by the students.

The entire programme was co ordinated with the support of the Principal, Director and faculty of the Department of mathematics , Anwarul Uloom College, Hyderabad.

**FEEDBACK:**

All the faculty members of other Departments expressed their gratitude to the staff of the Department of Mathematics , Anwarul Uloom College and the Speaker for imparting knowledge and creating awareness on Applications of Non Linear Dynamics .

**FUTURE PERSPECTIVES:**

The Department of mathematics looking forward to organize future conferences and seminars which will be more informative to the students.

**REPORT SUBMITTED BY:** Prof Syed Salahuddin.

Date of activity : 25/07/2018  
Venue : College Seminar Hall  
Organized by : Dept. Of Chemistry  
Number of participants : 87

1

### Objective of the program

To study the impact of soil management practices on microbial functions and soil health. To improve biofertilizer technology to ensure high quality and improved delivery.

### Outcome of the program

At the end of the programme the students and teachers found it to be beneficial.

- The use of biofertilizers is being emphasized along with chemical fertilizers and organic manures.
- Ability to distinguish the types of biofertilizers.
- Make more nutrients available to the crops.

**Program Name:** Guest lecture on "Immunity".

**Date of activity:** 28<sup>th</sup> August 2018

**Venue:** Department of Biotechnology

**Organizing Department:** Department of Biotechnology

**Number of Participants:** 125

### Objective of the Program:

1. To explain the innate and acquired immune system to work together to generate an effective immune response.
2. To explain how the immune system is able to respond to so many divergent Antigens.
3. Given certain symptoms of clinical disease or manipulation, predict the immunological cause of disorder.
4. To explain how and why certain immune cells change their phenotype following inactivation.

### Topics Covered:

- Autoimmunity
- Bone marrow transplantation
- Antimicrobial responses
- Adaptive Immunity
- Cell death and Immune responses
- Applied Immunology

### PROGRAM REPORT

PROGRAM NAME: - "A ONE DAY WORKSHOP ON NUTRIZONE-2K18"

DATE OF ACTIVITY: 06.09.2018

VENUE: RJP HALL, AUC.

ORGANIZED BY :- DEPARTMENT OF NUTRITION AND DIETETICS.

NUMBER OF PARTICIPANTS:- 250

#### OBJECTIVES OF THE PROGRAM:

The 2018 National Nutrition Week will be observed till 7th September. This year's theme is 'Go Further with Food' which basically focuses on exploring nutritious food options and then choosing your main source of nutrition wisely.

The roots of National Nutrition Week can be traced back to March 1973 as it was initiated by the Academy of Nutrition and Dietetics. In India, it is being celebrated since 1982 with an aim to inform people about the importance of a healthy lifestyle and to combat malnutrition which plagues the country till date.

#### TOPICS COVERED:

Further With Food.

Eat your breakfast.

Don't throw your leftovers.

Go Meatless on Monday.

Fuel your body.

Eat together at a table.

## PROGRAMME REPORT

Seminar On Title: on "INVESTMENT AVENUES IN INDIAN STOCK MARKET".

The Department of Business Administration has organized Seminar on "INVESTMENT AVENUES IN INDIAN STOCK MARKET" on 31<sup>st</sup> Jan, 2019.

### Objectives:

- The primary objective was to create awareness regarding investment in Indian Stock Market.
- To enlighten the students about funds safe and secure, minimize income tax burden, retirement planning etc.
- To grow your funds exponentially.

### RESOURCE PERSON:

Dr.Syed Jaffer

Asst.Professor – GITAM SCHOOL BUSINESS (GSB)

GITAM – Deemed to be University

Rudraram, Patancheru, Sangareddy Dist.

Telangana –502329

E-mail:Syed.Scholar@gmail.com

Contact No: 9848533864

Participants: 200

### Outcomes:

- Understanding consumer behavior allows to create effective marketing campaigns.
- It helps to make a target group of consumers with the same or similar behavior.
- To understand what motivates consumers to make purchases.

PROGRAM NAME: DIETITIAN ACADEMIA MEET-2018.

DATE OF ACTIVITY: 06.03.2018

VENUE: RJP HALL, AUC.

ORGANIZED BY :- DEPARTMENT OF NUTRITION AND DIETETICS.

NUMBER OF PARTICIPANTS:- 310

#### OBJECTIVES OF THE PROGRAM:

Dietitian plays a very vital role in today's Health care system. Meeting the patient's nutritional needs involves the coordination of several hospital departments. The core team is composed of the physician, the nurse and the dietitian. All members of the health care team work towards obtaining optimal health for the client. The relationships of each of these team members to one another and to the patient may be depicted as under. The focus is on the patient who must actively participate in his or her health care.

#### TOPICS COVERED:

Role of dietitian as a part of Health care system.

Therapeutic modification of the normal Diet.

Routine Hospital Diets.

Tube feedings.

Types of formula feedings.

Parenteral Nutrition.

Modification of Diets in Febrile condition.

Dietitians as entrepreneurs.

### PROGRAM REPORT

PROGRAM NAME: "A TWO DAYS WORKSOP ON NUTRIENT REQUIRMENT FROM INFANTS TO FAINTS -2017".

DATE OF ACTIVITY: 06.12.2017

VENUE: SEMINAR HALL AUC.

ORGANIZED BY :- DEPARTMENT OF NUTRITION AND DIETETICS.

NUMBER OF PARTICIPANTS:- 200

#### OBJECTIVES OF THE PROGRAM:

A balanced diet is essential for mother and child during pregnancy and lactation, as well as for fast growing children during infancy and adolescence. Increased nutrient density of diets is the key during these vulnerable life periods to support growth, immunity and cognitive development. We aim to assess dietary intake and adequacy, and to evaluate the efficacy of nutritional interventions among women, children and adolescents across the globe.

#### TOPICS COVERED:

INFANCY AND NUTRITION  
NUTRITIONAL REQUIREMENT DURING PREGNECY  
NUTRITIONAL REQUIREMENT DURING LACTATION  
NUTRITIONAL REQUIREMENT DURING CHILDHOOD  
NUTRITIONAL REQUIREMENT DURING ADOLESCENCE  
NUTRITIONAL REQUIREMENT DURING ADULTHOOD
