2.3.4 Preparation and adherence to academic calendar and teaching plans by the institution.

The Academic Calendar is prepared by an Internal Committee consisting of the Principal, HODs, CoE, Student representative and two senior faculty members. The recommendations are presented to the Almanac committee. The committee after discussions finalizes it and presents to the Academic Council and Governing Body for approval. Once it is approved, the Academic Calendar is made available to staff and students.

The Academic Calendar is a comprehensive calendar for academic, Co-curricular, extra-curricular and sports activities. It includes important dates of the college activities. Every semester consists of a minimum of 90 teaching days. The academic calendar clearly states the timeline for the conduct of tests, exams, seminars and submission of assignments. It also specifies the extent of syllabus to be covered before the conduct of each test-paper. The timeline for the publication of results is also specified. Teaching Plan Prior to the beginning of the academic year, subject workload is allotted based on the area of expertise of teachers. The individual faculty members prepare an Outcome education compliant 'Lesson Plan'. The HoDs ratifies the individual lesson plans and the same is uploaded in the College website.
