**REPORT ON INDUSTRIAL VISIT
TO
GLOBAL ELECTROBICS**

The Department of Commerce, under the supervision of Dr. C. Shobha Rani (Asso. Prof. Commerce) organized a one day industrial visit to **Global Electronics, Hyderabad** on **19th August 2022**. The students of B.Com.Final year actively participated. The educational visit was headed by **Mr.Revant Rao (Junior HR)** who planned the visit such that it enhances the practical skills of the students and create awareness regarding the entrepreneurship skills.

Some of the significant topics which were emphasized were-

1. Basics of Electronic manufacturing Operations,
2. Export and import Procedure
3. Interaction sessions with different departmental heads
4. Visited R&D Center
5. Visited Accounts and Finance Department to know about the modern financial techniques adopted by the firm.

Overall, the visit have been a good initiative to motivate the students on the pragmatic way of learning and creating interest towards pursuing career in the field of electronic business. The students were acquainted with the handling of various equipments and digital devices employed in the field of research. The staff of the Department of Commerce also accompanied the students on the educational trip.

Date: 6th Jan 2023

PROGRAM REPORT

Program Name: Field Trip

Date of activity: 5th Jan 2023

Venue: Wild waters, Shankarpalle, Hyderabad

Organizing Department: Department of Biotechnology

Number of Participants: 175

Objective of the Program:

5. Recreation and enjoyment: One of the main objectives of taking students on a field trip is to provide them with a fun and enjoyable experience outside the classroom. It can serve as a break from the routine of classroom learning and provide an opportunity for students to relax and rejuvenate.
6. Socialization and team building: A field trip can also help students socialize and build relationships with their peers and teachers. It can help create a sense of community and promote teamwork and collaboration.
7. Exposure to nature: A field trip can also provide students with an opportunity to connect with nature and learn about the environment. They can observe and appreciate the beauty of nature and learn about the flora and fauna of the area.
8. Educational value: A field trip can also be used as an educational tool, where students can learn about history, culture, and geography by visiting historical sites, museums, or cultural events.

Topics Covered:

- Recreation
- Socializing
- Motivation

Date: 6th Jan 2023

Outcome of the Program:

1. Increased engagement and motivation: An enjoyable and engaging experience like a Field trip can motivate students to participate more actively in the classroom and school activities
2. Improved relationships and communication: A Field trip can help break down barriers and promote positive relationships and communication between students and teachers. It can help build trust and respect, leading to a more positive classroom environment.
3. Improved mental and physical health: A field trip can also promote mental and physical health by providing students with an opportunity to be active, socialize, and relax in a natural setting.
4. Enhanced learning: A well-planned field trip that incorporates educational activities can enhance learning by providing students with hands-on experiences that can reinforce classroom learning and spark their curiosity and interest in a subject.
